A balance sheet is a statement of the financial position of a business that lists the assets, liabilities, and owners' equity at a particular point in time. In other words, the balance sheet illustrates a business's net worth.

### Balance Sheet: What Is It?

The balance sheet displays the company's total assets, and how these assets are financed, through either debt or equity. It can also be referred to as a statement of net worth, or a statement of financial position. The balance sheet is based on the fundamental equation:  $Assets = Liabilities + Equity$ .
