There are plenty of genres available and you can search the website by keyword to find a particular book. Each book has a full description and a direct link to Amazon for the download.

### Information Dashboard Design Displaying Data

This is a very complete book and was obviously developed with great care. I highly recommend Stephen Few's Information Dashboard Design to any information designers who are focusing on the visual display of data and, more particularly, to dashboard designers." —Pabini Gabriel-Petit, CEO and Principal User Experience Architect, Spirit Softworks

### Information Dashboard Design: Displaying Data for At-a ...

Take, for example, the spartan cover of Stephen Few's information Dashboard Design: The Effective Visual Communication of Data. Designed by the author himself, it sets the tone for a book dedicated not to a specific tool or performance management methodology, but instead improving how dashboards can most effectively present information.

### Information Dashboard Design: The Effective Visual ...

"Written by one of the foremost expert in the field of data visualization, this is one of those rare books that seem to make the publication of other works on the same topic unnecessary. This is a very complete book and was obviously developed with great care. I highly recommend Stephen Few's Information Dashboard Design to any information designers who are focusing on the visual display of data and, more particularly, to dashboard designers." —Pabini Gabriel-Petit, CEO and Principal User ...

### Stephen Few - Information Dashboard Design

Dashboards are a unique and powerful way to present data-based intelligence using data visualization techniques that display relevant, actionable data as well as track stats and key performance indicators (KPIs). Dashboards should present this data in a quick, easy-to-scan format with the most relevant information understandable at a glance.
